### **About CNCC**

The CREW National Capital Committee (CNCC) was founded in 2006 by the CREW Metro Task force to bring the three separate chapters — CREW DC, CREW Northern Virginia and CREW Suburban Maryland — together with the common goal of advancing the success of women in commercial real estate. Leaders of CNCC work together to increase the visibility of individual chapters and members and raise the profile of CREW in the National Capital area.

Founded in 1979, CREW DC promotes professional opportunities and business relationships for women in the commercial real estate industry. CREW DC, with approximately 500 members, is one of the largest chapters in North America. CREW Network is the national association for women in commercial real estate and represents over 10,000 women in commercial real estate in chapters across more than 70 major markets in the United States and Canada.
